

SPECIFICATIONS

MAGHOOK

DESIGN	Nichlas B. Andersen
YEAR	2013
ORIGIN	Denmark
MATERIAL	6 mm powdercoated steel / Neodyme magnet pullforce 7,5 KG

GENERAL CARE Keep powder coated surfaces clean and dry. Use a lint-free cloth for general cleaning with hot water and perhaps a mild soap. This applies to both smooth and rough surfaces. Occurs spots from oil or other dirt it is recommended to use alcohol or glass cleaner on a lint-free cloth. Afterwards it is recommended to clean the product again with clean hot water.
