MOUNTING Different wall materials require different types of fixing devices. Using the right fixing devices secures the stability and load bearing capacity of the product. If you are uncertain about what type of screws or fitting to use, please contact your local hardware store. It is important to use all shown holes when mounting the products. To create the best result, we recommend using screws that are painted in the same color as the products. We don't take responsibility for the mounting and following safety of installation.
